

Per Subject

Key words

A

Abdominal circumference	Association of Fitness and Waist Circumference, 2 Prevalence of Metabolic Syndrome in an Elderly Community, 80 Different Measurements of the Sagittal Abdominal Diameter, 473 Proposal of Cut Points for the Indication of Abdominal Obesity, 558
Abdominal fat	Different Measurements of the Sagittal Abdominal Diameter, 473
Acute coronary syndrome	Severity of Angiographic Coronary Obstruction, 221 Apical Ballooning Syndrome Secondary to Nasal, e63
Acute myocardial infarction	A 75 - Year - Old Man with Heart Failure due to Previous, 60
Adequacy	Nutritional Status and Adequacy of Energy and Nutrient, 501
Adiposity	Proposal of Cut Points for the Indication of Abdominal Obesity, 558
Adjuvant treatment	Music Therapy Effects on the Quality of Life, 495
Adolescent	Correlation between Metabolic and Body Composition, 112 Competitive Sports for Children and Adolescents, 175 Children with Adult Hearts, 197 Obesity and Its Association with Other Cardiovascular Risk Factors, 236 Body Mass Index Has a Good Correlation, 243 Body Mass Index has a Good Correlation, 303 Scale of VO ₂ peak in Obese and Non-obese, 554 Proposal of Cut Points for the Indication of Abdominal Obesity, 558 Blood Pressure in Young Individuals as a Cardiovascular, 608
Adrenergic agonists	Apical Ballooning Syndrome Secondary to Nasal, e63
Adult	Prevalence of High Blood Pressure Levels and Associated, 360
Advanced cardiac life support	Permanent Education in BLS and ACLS, 582
Affective symptoms	Coronary Artery Disease and Experiences of Losses, 327
Age of onset	Cardiovascular Mortality by gender and age range, 461
Aged	Association of Fitness and Waist Circumference, 2 Peri-operative Evaluation by Holter in Elderly, 381 Metabolic Abnormalities, Antiretroviral Therapy, 519 Prevalence of Electrocardiographic Findings in Elderly Individuals, 602 Gender, Age, Social Level and Cardiovascular Risk Factors, e42
Aged, prevalence	Prevalence of Metabolic Syndrome in an Elderly Community, 80
Amazon region	Chronic Chagasic Cardiopathy in Amazon Region, e93
Amyloidosis	Old Woman with Restrictive Cardiomyopathy, 527
Anemia	Prevalence of Anemia and Renal Insufficiency, 268
Anesthesia, local/methods	Maternal-Fetal Monitoring during Dental Procedure, 430
Angina pectoris, variant	Prinzmetal's Angina, e18
Angioplasty, transluminal, percutaneous coronary	Percutaneous Coronary Intervention for Stable Patients, 183
Animals, laboratory	Experimental Myocardium Infarction in Rats, 403
Anticoagulants	Bleeding During Oral Anticoagulant Therapy, 163 Constant Use of Oral Anticoagulants: Implications, 508

Table of Contents - Volume 93 - 2009

Antiretroviral therapy	Metabolic Abnormalities, Antiretroviral Therapy, 519
Anthropometry	Different Measurements of the Sagittal Abdominal Diameter, 473
Aorta, thoracic	Atypical presentation of Kommerell's diverticulum, e88
Aortic valve insufficiency	Dobutamine-Stress Echocardiography in Asymptomatic Patients, 49
Aortic valve stenosis	Aortic Valvuloplasty with Balloon Catheter, e76
Aortic valve stenosis/therapy	Percutaneous Aortic Valve Replacement for the Treatment, 277
Apolipoprotein E2	Severity of Angiographic Coronary Obstruction, 221
Arrhythmia	Postoperative Atrial Fibrillation after Cardiac Surgery, 55
Arrhythmias cardiac	Reversal Atrial Electrical Remodeling Following Cardioversion, 199
	Peri-operative Evaluation by Holter in Elderly, 381
	Echocardiographic Features of Non-Compaction, e21
	Postpartum Torsades de Pointes and Long QT Syndrome, e46
Arterial hypertension	Assessment of Sphygmomanometers: a Proposal, e27
Atherosclerosis	A 75 - Year - Old Man with Heart Failure due to Previous, 60
	Children with Adult Hearts, 197
	¹⁸ F-FDG in distinction of atherosclerotic plaque, e84
Atrial fibrillation	Postoperative Atrial Fibrillation after Cardiac Surgery, 55
	Bleeding During Oral Anticoagulant Therapy, 163
	Reversal Atrial Electrical Remodeling Following Cardioversion, 199
	Videothoracoscopy for Isolated Atrial Fibrillation Ablation, 310
	Predictors of Atrial Fibrillation after Ablation, 448
Prevalence of Electrocardiographic Findings in Elderly Individuals, 602	
Atrial flutter	Predictors of Atrial Fibrillation after Ablation, 448
Atrial septal defect	13 Years Old Youngsters with Major Atrial, 416
Autonomic nervous system	Heart Rate Variability, Blood Lipids, 223
B	
Balloon dilatation	Percutaneous Aortic Valve Replacement for the Treatment, 277
	Utility of Intracardiac Ultrasound Imaging to Guide, 616
	Aortic Valvuloplasty with Balloon Catheter, e76
Behavior	Medical Conduct in a Jehovah's Witness Patient, e72
Beta-blockers	Beta-blockers and Non-cardiac Operations, e70
Beta-caroten	Role of Lipoperoxidation in the Remodeling Intensification, 31
Bioethics	Resident Graduated at the Institute of Will, e30
	Medical Conduct in a Jehovah's Witness Patient, e72
Biological factors	Gender, Age, Social Level and Cardiovascular Risk Factors, e42
Blood coagulation	Mechanical Prosthetic Valve Thrombosis, e45
Blood glucose	Prevalence of Metabolic Syndrome in an Elderly Community, 80
Blood pressure	Association of Fitness and Waist Circumference, 2
	Blood Pressure Measurement During Aerobic Exercise, 42
	Prevalence of Metabolic Syndrome in an Elderly Community, 80
Blood pressure	Blood Pressure in Young Individuals as a Cardiovascular, 608
Blood pressure monitoring, ambulatory	ABPM in COPD Patients with Sleep Desaturation, 255
Blood pressure monitoring, ambulatory/methods	Maternal-Fetal Monitoring during Dental Procedure, 430

Body composition	Correlation between Metabolic and Body Composition, 112
Body mass corporal	Body Mass Index has a Good Correlation, 303
Body mass index	Body Mass Index as a Marker of Dyslipidemia, 20 Body Mass Index Has a Good Correlation, 243
Body weight changes	Correlation between Metabolic and Body Composition, 112
Brain ischemia	Epidemiologic Transition in Mortality Rate from Circulatory, 468
Brazil	Association of Fitness and Waist Circumference, 2 Association of Body Mass Index and Insulin Resistance, 139 Obesity and Its Association with Other Cardiovascular Risk Factors, 236 Prevalence of High Blood Pressure Levels and Associated, 360 Prevalence of Metabolic Syndrome in Outpatients of the Institute, 439 Mortality Trends due to Circulatory System Diseases, 454 Cardiovascular Mortality by gender and age range, 461 Epidemiologic Transition in Mortality Rate from Circulatory, 468 Blood Pressure in Young Individuals as a Cardiovascular, 608 Gender, Age, Social Level and Cardiovascular Risk Factors, e42 Medical Education in Brazil, e58
Bundle-branch block	A 55-year-old male patient with Chagas cardiomyopathy, 293 Prevalence of Electrocardiographic Findings in Elderly Individuals, 602
C	
<i>Camellia sinensis</i>	Prospective Double-Blind Crossover Study of <i>Camellia Sinensis</i> , 121
Cardiac aneurysm	A 75 - Year - Old Man with Heart Failure due to Previous, 60
Cardiac arrest	Permanent Education in BLS and ACLS, 582
Cardiac complications	Beta-blockers and Non-cardiac Operations, e70
Cardiac pacing, artificial	Conventional Ventricular Stimulation Effects on Patients, 157
Cardiac surgical procedures	Postoperative Outcome of Patients with Prosthetic, 262 Intraoperative Transesophageal Echocardiography, e7
Cardiology Institute (RS)	Prevalence of Metabolic Syndrome in Outpatients of the Institute, 439
Cardiomyopathies	Echocardiographic Features of Non-Compaction, e21 Refractory Heart Failure in a Patient, e80
Cardiomyopathy dilated	Echocardiographic Evaluation of Patients Undergoing Mitral Valve, 87
Cardiomyopathy, hypertrophic	Intraoperative Transesophageal Echocardiography, e7
Cardiomyopathy, restrictive	Old Woman with Restrictive Cardiomyopathy, 527
Cardiopulmonary resuscitation	Permanent Education in BLS and ACLS, 582 Ventricular Fibrillation During Sport Activity, e14
Cardiotocography/methods	Maternal-Fetal Monitoring during Dental Procedure, 430
Cardiovascular disease	Lipid Profile, Cardiovascular Risk Factors, 107 Importance of HDL-c for the Occurrence of Cardiovascular, 216 Dante Pazzanese Risk Score for Non-ST-Segment, 319 Metabolic Abnormalities, Antiretroviral Therapy, 519 Transdermal Estradiol and Lipid Profile, 571
Cardiovascular diseases/mortality/epidemiology	Mortality Trends due to Circulatory System Diseases, 454 Cardiovascular Mortality by gender and age range, 461
Cardiovascular diseases/prevention and control	Hormonal Replacement and Cardiovascular Disease, e10

Table of Contents - Volume 93 - 2009

Cardiovascular diseases/ epidemiology	Vaccination against the Influenza virus and Mortality, 367
Case-control studies	Prospective Double-Blind Crossover Study of Camellia Sinensis, 121
Catheter ablation	Videothoracoscopy for Isolated Atrial Fibrillation Ablation, 310 Predictors of Atrial Fibrillation after Ablation, 448 Utility of Intracardiac Ultrasound Imaging to Guide, 616
Chagas cardiomyopathy	Chronic Chagasic Cardiopathy in Amazon Region, e93
Chagas disease	A 55-year-old male patient with Chagas cardiomyopathy, 293
Child	Association of Body Mass Index and Insulin Resistance, 139 Competitive Sports for Children and Adolescents, 175 Children with Adult Hearts, 197 Obesity and Its Association with Other Cardiovascular Risk Factors, 236 Body Mass Index Has a Good Correlation, 243 Body Mass Index has a Good Correlation, 303 Scale of VO ₂ peak in Obese and Non-obese, 554 Blood Pressure in Young Individuals as a Cardiovascular, 608
Cholesterol	Prevalence of Metabolic Syndrome in an Elderly Community, 80 Exercise prevents Cardiometabolic Alterations, 372
Cholesterol HDL	Importance of HDL-c for the Occurrence of Cardiovascular, 216
Chromosome disorders	22q11.2 Duplication and Congenital Heart Defects, e55
Climacteric	Hormonal Replacement and Cardiovascular Disease, e10
Clinical - dynamic prognosis	TIMI Risk Score for Acute Myocardial Infarction, 100
Clinical evaluation	Maternal-Fetal Outcome and Prognosis, 8
Collagen/genetics	Joint Hypermobility in Patients with Mitral, 284
Comparative study	Late Enhancement and Myocardial Perfusion in Hypertrophic, 396
Congenital abnormalities	Late Involution of Obstructive Rhabdomyoma of the Mitral Valve, e13
Conscious sedation	Effective Dose of Sedation in Transesophageal, 576
Control	Prevalence, Control and Treatment of Arterial, 622
Coronary abnormalities	Large Bilateral Coronary Artery Fistula, e36
Coronary angiography	Severity of Angiographic Coronary Obstruction, 221 Coronary Artery Bypass Using only Computed, e33
Coronary artery disease	Subclinical Coronary Artery Disease in Patients, 14 Coronary Artery Disease and Experiences of Losses, 327 Anti-inflammatory Effect of Physical Training, 643 Modification of an Old Procedure (Vineberg), e67
Coronary disease	Prevalence of Electrocardiographic Findings in Elderly Individuals, 602 Large Bilateral Coronary Artery Fistula, e36
Coronary fistula	Large Bilateral Coronary Artery Fistula, e36
Coronary occlusion	Experimental Myocardium Infarction in Rats, 403
Coronary restenosis	Rationale and Design for the PAINT Randomized Trial, 547
C-reactive protein	Evaluation of the Degree of Vascular Inflammation, 334
D	
Death, sudden, cardiac	Echocardiographic Features of Non-Compaction, e21
Defibrillators	Ventricular Fibrillation During Sport Activity, e14

Depression	Coronary Artery Disease and Experiences of Losses, 327
Dexamethasone	Exercise prevents Cardiometabolic Alterations, 372
<i>Diabetes mellitus</i>	Lipoprotein (a) is Associated with Basal Insulin Levels, 25
<i>Diabetes mellitus</i> type 1	Subclinical Coronary Artery Disease in Patients, 14
Diastole	Heart Failure with Normal Ejection Fraction, 168
Diet	Diet Prescription in Chronic Heart Failure, 421
Disease prevention	Association of Fitness and Waist Circumference, 2 Children with Adult Hearts, 197
Diseases of the circulatory system/ epidemiology	Mortality Rates Due to Diseases of the Circulatory System, 589
Diseases/mortality	Diseases of the Circulatory System before and after the Family, 597
Dobutamine	Dobutamine-Stress Echocardiography in Asymptomatic Patients, 49 Dobutamine Stress Echocardiography-Induced, e4
Drug control	Constant Use of Oral Anticoagulants: Implications, 508
Drug therapy	Percutaneous Coronary Intervention for Stable Patients, 183
Drug utilization	Constant Use of Oral Anticoagulants: Implications, 508
Drug-eluting stents	Rationale and Design for the PAINT Randomized Trial, 547 Late Restenosis Related to Cypher Stent Fracture, e60
Dyslipidemia	Body Mass Index as a Marker of Dyslipidemia, 20 Lipoprotein (a) is Associated with Basal Insulin Levels, 25 Prospective Double-Blind Crossover Study of Camellia Sinensis, 121 Exercise prevents Cardiometabolic Alterations, 372
Dyslipidemias	Metabolic Abnormalities, Antiretroviral Therapy, 519
Dyslipidemias/epidemiology	Obesity and Its Association with Other Cardiovascular Risk Factors, 236
Dyspnea	A 55-year-old male patient with Chagas cardiomyopathy, 293

E

Echocardiography	Conventional Ventricular Stimulation Effects on Patients, 157 Electrocardiography in the Diagnosis of Ventricular Hypertrophy, 353
Echocardiography/techniques	Echocardiography In Cardiac Resynchronization, 409
Echocardiography, doppler	Heart Failure with Normal Ejection Fraction, 168 Frequency of Left Ventricular Diastolic Dysfunction, 304
Echocardiography, stress	Dobutamine-Stress Echocardiography in Asymptomatic Patients, 49 Dobutamine Stress Echocardiography-Induced, e4
Echocardiography, transesophageal	Safety of Transesophageal Echocardiography in Adults, 443 Intraoperative Transesophageal Echocardiography, e7
Echocardiography, transesophageal/complications	Transesophageal Echocardiography: How Safe Is It, 419
Education, higher	Medical Education in Brazil, e58
Education, medical	Resident Graduated at the Institute of Will, e30 Medical Education in Brazil, e58
Electrocardiography	Reversal Atrial Electrical Remodeling Following Cardioversion, 199 Electrocardiography in the Diagnosis of Ventricular Hypertrophy, 353 Prevalence of Electrocardiographic Findings in Elderly Individuals, 602
Electrocardiography, ambulatory/ methods	Maternal-Fetal Monitoring during Dental Procedure, 430

Table of Contents - Volume 93 - 2009

Electric countershock	Reversal Atrial Electrical Remodeling Following Cardioversion, 199
Embolism	Echocardiographic Features of Non-Compaction, e21
Emission-computed	Coronary Artery Bypass Using only Computed, e33
Endocarditis	Postoperative Outcome of Patients with Prosthetic, 262
Endomyocardial fibrosis	Importance of the Area of Fibrosis at Midterm Evolution, 564
Endothelium, vascular/ physiopathology	Study of Vascular Reactivity in HIV Patients, 340
Energy intake	Nutritional Status and Adequacy of Energy and Nutrient, 501
Energy metabolism	Circuit Weight Training vs Jogging in Metabolic, 480
Epidemiologic studies	Prospective Double-Blind Crossover Study of Camellia Sinensis, 121
Estradiol	Transdermal Estradiol and Lipid Profile, 571
Exercise	Blood Pressure Measurement During Aerobic Exercise, 42
	Exercise prevents Cardiometabolic Alterations, 372
	Cardiorespiratory and Perceptual Responses to Walking, 389
	Scale of VO ₂ peak in Obese and Non-obese, 554
	Anti-inflammatory Effect of Physical Training, 643
Ventricular Fibrillation During Sport Activity, e14	
Exertion	Heart Rate Variability, Blood Lipids, 223
Extracorporeal circulation	Acute Kidney Injury after On-pump Coronary Artery, 230
F	
Female	Correlation between Metabolic and Body Composition, 112
Flumazenil	Safety of Transesophageal Echocardiography in Adults, 443
Fluorodeoxyglucose F18	¹⁸ F-FDG in distinction of atherosclerotic plaque, e84
Frequency	Chronic Chagasic Cardiopathy in Amazon Region, e93
G	
Gender identify	Gender, Age, Social Level and Cardiovascular Risk Factors, e42
Gene duplication	22q11.2 Duplication and Congenital Heart Defects, e55
Glucocorticoid	Exercise prevents Cardiometabolic Alterations, 372
H	
Health administration	Myocardial Revascularization Surgery (MRS), 513
Health care	Clinical and Demographic Profile and Quality, 637
Health inequalities	The Two Brazils and the Treatment of Acute Myocardial Infarction, 78
	Increased Mortality and Morbidity Due to Acute Myocardial Infarction, 92
Health policy	Increased Mortality and Morbidity Due to Acute Myocardial Infarction, 92
	The Two Brazils and the Treatment of Acute Myocardial Infarction, 78
Health profile	Clinical and Demographic Profile and Quality, 637
Heart defects, congenital	Late Spontaneous Regression of Obstructive Tumor, e48
	22q11.2 Duplication and Congenital Heart Defects, e55
Heart defects, congenital/surgery	13 Years Old Youngsters with Major Atrial, 416
Heart defects,congenital	Eight-month old Infant with Mitral Insufficiency, 187

	Validation of the Portuguese Version of the Minnesota Living, 36
	A 75 - Year - Old Man with Heart Failure due to Previous, 60
	The Effects of Trimetazidine on Heart Rate Variability, 145
	Quality of Life and Clinical Indicators in Heart Failure, 149
	Heart Failure with Normal Ejection Fraction, 168
	Eight-month old Infant with Mitral Insufficiency, 187
	Prevalence of Anemia and Renal Insufficiency, 268
	Echocardiography In Cardiac Resynchronization, 409
Heart failure	Diet Prescription in Chronic Heart Failure, 421
	Nutritional Status and Adequacy of Energy and Nutrient, 501
	Importance of the Area of Fibrosis at Midterm Evolution, 564
	Clinical and Demographic Profile and Quality, 637
	Anti-inflammatory Effect of Physical Training, 643
	80-year-old Woman, with Arterial Hypertension, 652
	Postpartum Torsades de Pointes and Long QT Syndrome, e46
	Aortic Valvuloplasty with Balloon Catheter, e76
	Refractory Heart Failure in a Patient, e80
Heart injuries	Myocardial Infarction Caused by Coronary Artery Injury, e1
Heart rate	The Effects of Trimetazidine on Heart Rate Variability, 145
	Heart Rate Variability, Blood Lipids, 223
	Cardiorespiratory and Perceptual Responses to Walking, 389
Heart septal defects	13 Years Old Youngsters with Major Atrial, 416
Heart transplantation	Refractory Heart Failure in a Patient, e80
	Influenza A (H1N1) Pneumonia in an Immunossuppressed, e91
Heart valve prosthesis	Postoperative Outcome of Patients with Prosthetic, 262
	Percutaneous Aortic Valve Replacement for the Treatment, 277
	Mechanical Prosthetic Valve Thrombosis, e45
Hemorrhage	Bleeding During Oral Anticoagulant Therapy, 163
Highly active	Metabolic Abnormalities, Antiretroviral Therapy, 519
Highly active antiretroviral therapy	Lipid Profile, Cardiovascular Risk Factors, 107
HIV	Study of Vascular Reactivity in HIV Patients, 340
HIV/AIDS	Metabolic Abnormalities, Antiretroviral Therapy, 519
Holistic health	Quality of Life and Clinical Indicators in Heart Failure, 149
Hormone replacement therapy	Hormonal Replacement and Cardiovascular Disease, e10
Hormones/administration & dosage	Transdermal Estradiol and Lipid Profile, 571
Hospital mortality	TIMI Risk Score for Acute Myocardial Infarction, 100
	Predictors of Hospital Mortality in Hemodynamically Stable Patients, 128
Hyperlipidemias	Nutritional and Cardiovascular Profiles of Normotensive, 487
	Prevalence of High Blood Pressure Levels and Associated, 360
	Arterial Hypertension and Physical Activity, 414
	Nutritional and Cardiovascular Profiles of Normotensive, 487
	Music Therapy Effects on the Quality of Life, 495
	Proposal of Cut Points for the Indication of Abdominal Obesity, 558
	80-year-old Woman, with Arterial Hypertension, 652

Table of Contents - Volume 93 - 2009

Hypertension/epidemiology	Obesity and Its Association with Other Cardiovascular Risk Factors, 236
Hypertension, pulmonary/etiology	Etiological Frequency of Pulmonary Hypertension, 629
Hypertension/therapy/epidemiology	Prevalence, Control and Treatment of Arterial, 622
Hypertrophic cardiomyopathy	Late Enhancement and Myocardial Perfusion in Hypertrophic, 396
Hypertrophy	Electrocardiography in the Diagnosis of Ventricular Hypertrophy, 353
I	
Immunosuppression	Influenza A (H1N1) Pneumonia in an Immunossupressed, e91
Infant	Eight-month old Infant with Mitral Insufficiency, 187
Influenza human	Vaccination against the Influenza virus and Mortality, 367
Influenza vaccines	Vaccination against the Influenza virus and Mortality, 367
Influenzavirus A (H1N1)	Influenza A (H1N1) Pneumonia in an Immunossupressed, e91
Inpatients/psychology	Coronary Artery Disease and Experiences of Losses, 327
Insulin	Lipoprotein (a) is Associated with Basal Insulin Levels, 25
Insulin resistance	Correlation between Metabolic and Body Composition, 112
	Association of Body Mass Index and Insulin Resistance, 139
	Exercise prevents Cardiometabolic Alterations, 372
	Different Measurements of the Sagittal Abdominal Diameter, 473
Interleukin-6	Evaluation of the Degree of Vascular Inflammation, 334
Interleukins	Anti-inflammatory Effect of Physical Training, 643
Intership and residency	Resident Graduated at the Institute of Will, e30
Ischemia	Considerations on Perioperative Silent Ischemia, 301
Itapetinga	Obesity and Its Association with Other Cardiovascular Risk Factors, 236
J	
Jehovah's witnesses	Medical Conduct in a Jehovah's Witness Patient, e72
Joint instability	Joint Hypermobility in Patients with Mitral, 284
K	
Kidney diseases	Electrocardiography in the Diagnosis of Ventricular Hypertrophy, 353
Kommerell diverticulum	Atypical presentation of Kommerell's diverticulum, e88
L	
Lages (SC)	Prevalence of High Blood Pressure Levels and Associated, 360
Left ventricular	Electrocardiography in the Diagnosis of Ventricular Hypertrophy, 353
Lethality	The Two Brazils and the Treatment of Acute Myocardial Infarction, 78
	Increased Mortality and Morbidity Due to Acute Myocardial Infarction, 92
Lipid metabolism	Metabolic Abnormalities, Antiretroviral Therapy, 519
Lipid metabolism disorders	Lipid Profile, Cardiovascular Risk Factors, 107
Lipids	Children with Adult Hearts, 197
	Transdermal Estradiol and Lipid Profile, 571
Lipoprotein (a)	Lipoprotein (a) is Associated with Basal Insulin Levels, 25

M	
Maternal-fetal relations	Maternal-Fetal Outcome and Prognosis, 8
Measurement, blood pressure	Assessment of Sphygmomanometers: a Proposal, e27
Medical care	Competitive Sports for Children and Adolescents, 175
Medical examination	Competitive Sports for Children and Adolescents, 175
Menopause	Hormonal Replacement and Cardiovascular Disease, e10
Meperidine	Effective Dose of Sedation in Transesophageal, 576
Metabolic syndrome	Prevalence of Metabolic Syndrome in an Elderly Community, 80
	Lipid Profile, Cardiovascular Risk Factors, 107
	Association of Body Mass Index and Insulin Resistance, 139
	Evaluation of the Degree of Vascular Inflammation, 334
	Prevalence of Metabolic Syndrome in Outpatients of the Institute, 439
Midazolam	Safety of Transesophageal Echocardiography in Adults, 443
	Effective Dose of Sedation in Transesophageal, 576
Mitral valve	Late Spontaneous Regression of Obstructive Tumor, e48
Mitral valve insufficiency/surgery	Echocardiographic Evaluation of Patients Undergoing Mitral Valve, 87
Mitral valve prolapse	Joint Hypermobility in Patients with Mitral, 284
Mitral valve stenosis	Bleeding During Oral Anticoagulant Therapy, 163
Mitral valve, elderly	Frequency of Left Ventricular Diastolic Dysfunction, 304
Mitral valve, insufficiency	Eight-month old Infant with Mitral Insufficiency, 187
Mitral valve/abnormalities	Late Involution of Obstructive Rhabdomyoma of the Mitral Valve, e13
Morbidity	Increased Mortality and Morbidity Due to Acute Myocardial Infarction, 92
Morbidity	Diseases of the Circulatory System before and after the Family, 597
Mortality	Acute Kidney Injury after On-pump Coronary Artery, 230
	Epidemiologic Transition in Mortality Rate from Circulatory, 468
Mortality information system	Mortality Rates Due to Diseases of the Circulatory System, 589
Mosaicism	22q11.2 Duplication and Congenital Heart Defects, e55
Motor activity	Arterial Hypertension and Physical Activity, 414
Multicenter study	Rationale and Design for the PAINT Randomized Trial, 547
Multivariate analysis	Quality of Life and Clinical Indicators in Heart Failure, 149
Music therapy	Music Therapy Effects on the Quality of Life, 495
Myocardial contraction	Prinzmetal's Angina, e18
	The Two Brazils and the Treatment of Acute Myocardial Infarction, 78
	Increased Mortality and Morbidity Due to Acute Myocardial Infarction, 92
	TIMI Risk Score for Acute Myocardial Infarction, 100
	Dante Pazzanese Risk Score for Non-ST-Segment, 319
	Experimental Myocardium Infarction in Rats, 403
	Myocardial Infarction Caused by Coronary Artery Injury, e1
	Myocardial Homing after Intrapericardial Infusion, e38
	Apical Ballooning Syndrome Secondary to Nasal, e63
	Beta-blockers and Non-cardiac Operations, e70
Myocardial ischemia	Vaccination against the Influenza virus and Mortality, 367
	Epidemiologic Transition in Mortality Rate from Circulatory, 468
	Prinzmetal's Angina, e18
	Radionuclide Imaging of Myocardium with Mental, e51

Table of Contents - Volume 93 - 2009

Myocardial perfusion	Late Enhancement and Myocardial Perfusion in Hypertrophic, 396
Myocardial reperfusion	Modification of an Old Procedure (Vineberg), e67
Myocardial revascularization	Percutaneous Coronary Intervention for Stable Patients, 183 Acute Kidney Injury after On-pump Coronary Artery, 230 Coronary Artery Bypass Using only Computed, e33 Modification of an Old Procedure (Vineberg), e67
Myocardial revascularization/ mortality	Myocardial Revascularization Surgery (MRS), 513
Myocardial stunning	Apical Ballooning Syndrome Secondary to Nasal, e63
N	
Noncardiac surgery	Beta-blockers and Non-cardiac Operations, e70
Nutrients	Nutritional Status and Adequacy of Energy and Nutrient, 501
Nutritional status	Nutritional Status and Adequacy of Energy and Nutrient, 501
O	
Obesity	Association of Fitness and Waist Circumference, 2 Association of Body Mass Index and Insulin Resistance, 139 Heart Rate Variability, Blood Lipids, 223 Obesity and Its Association with Other Cardiovascular Risk Factors, 236 Arterial Hypertension and Physical Activity, 414 Different Measurements of the Sagittal Abdominal Diameter, 473 Circuit Weight Training vs Jogging in Metabolic, 480 Scale of VO ₂ peak in Obese and Non-obese, 554
Outpatients	Prevalence of Metabolic Syndrome in Outpatients of the Institute, 439
Overweight	Association of Body Mass Index and Insulin Resistance, 139 Circuit Weight Training vs Jogging in Metabolic, 480 Proposal of Cut Points for the Indication of Abdominal Obesity, 558
Oxidative stress	Role of Lipoperoxidation in the Remodeling Intensification, 31
Oxygen consumption	Cardiorespiratory and Perceptual Responses to Walking, 389
P	
Pacemaker artificial	Conventional Ventricular Stimulation Effects on Patients, 157 Echocardiography In Cardiac Resynchronization, 409
Paclitaxel	Rationale and Design for the PAIN Randomized Trial, 547
Papillary muscles/surgery	Echocardiographic Evaluation of Patients Undergoing Mitral Valve, 87
Patients	Dobutamine-Stress Echocardiography in Asymptomatic Patients, 49
Pericardial effusion	Prenatal Diagnosis of Left Ventricular Aneurysm, e24
Pericardium	Myocardial Homing after Intrapericardial Infusion, e38
Perioperative care	Considerations on Perioperative Silent Ischemia, 301 Peri-operative Evaluation by Holter in Elderly, 381 Beta-blockers and Non-cardiac Operations, e70
Permanent education	Permanent Education in BLS and ACLS, 582
Physical activity	Different Levels of Hsp72 in Female Rat Myocardium, 423

Physical fitness	Association of Fitness and Waist Circumference, 2 Circuit Weight Training vs Jogging in Metabolic, 480 Scale of VO ₂ peak in Obese and Non-obese, 554
Physical therapy	Joint Hypermobility in Patients with Mitral, 284
Phytotherapy	Prospective Double-Blind Crossover Study of Camellia Sinensis, 121
Pneumonia	Influenza A (H1N1) Pneumonia in an Immunossuppressed, e91
Polymorphism, genetic	Severity of Angiographic Coronary Obstruction, 221
Polysomnography	ABPM in COPD Patients with Sleep Desaturation, 255
Positron-emission tomography	¹⁸ F-FDG in distinction of atherosclerotic plaque, e84
Postmenopause	Transdermal Estradiol and Lipid Profile, 571
Postoperative care	Postoperative Atrial Fibrillation after Cardiac Surgery, 55
Pregnancy	Maternal-Fetal Outcome and Prognosis, 8
Pregnancy in adolescence	Aortic Valvuloplasty with Balloon Catheter, e76
Pregnant women	Maternal-Fetal Monitoring during Dental Procedure, 430
Prenatal care	Prenatal Diagnosis of Left Ventricular Aneurysm, e24
Prescriptions, non-drug	Diet Prescription in Chronic Heart Failure, 421
Prevalence	Prevalence of High Blood Pressure Levels and Associated, 360 Prevalence of Metabolic Syndrome in Outpatients of the Institute, 439 Prevalence, Control and Treatment of Arterial, 622
Prognosis	Maternal-Fetal Outcome and Prognosis, 8 Dante Pazzanese Risk Score for Non-ST-Segment, 319
Program evaluation	Diseases of the Circulatory System before and after the Family, 597
Prospective studies	Percutaneous Coronary Intervention for Stable Patients, 183
Prostatectomy	Considerations on Perioperative Silent Ischemia, 301 Peri-operative Evaluation by Holter in Elderly, 381
Protease inhibitors	Study of Vascular Reactivity in HIV Patients, 340
Psychological stress	Radionuclide Imaging of Myocardium with Mental, e51
Public health	Music Therapy Effects on the Quality of Life, 495
Pulmonary disease, chronic obstructive	ABPM in COPD Patients with Sleep Desaturation, 255
Pulmonary embolism	Predictors of Hospital Mortality in Hemodynamically Stable Patients, 128 Old Woman with Restrictive Cardiomyopathy, 527 80-year-old Woman, with Arterial Hypertension, 652
Pulmonary heart disease	Predictors of Hospital Mortality in Hemodynamically Stable Patients, 128
Pulmonary veins	Utility of Intracardiac Ultrasound Imaging to Guide, 616
Q	
Quality indicators	Clinical and Demographic Profile and Quality, 637
Quality of health care	Myocardial Revascularization Surgery (MRS), 513
Quality of life	Validation of the Portuguese Version of the Minnesota Living, 36 Quality of Life and Clinical Indicators in Heart Failure, 149 Music Therapy Effects on the Quality of Life, 495
Questionnaires	Validation of the Portuguese Version of the Minnesota Living, 36

Table of Contents - Volume 93 - 2009

R

Radionuclide imaging	Radionuclide Imaging of Myocardium with Mental, e51
Rats	Experimental Myocardium Infarction in Rats, 403 Different Levels of Hsp72 in Female Rat Myocardium, 423 Nutritional and Cardiovascular Profiles of Normotensive, 487
Rehabilitation	Blood Pressure Measurement During Aerobic Exercise, 42
Renal dialysis	Electrocardiography in the Diagnosis of Ventricular Hypertrophy, 353
Renal insufficiency	Prevalence of Anemia and Renal Insufficiency, 268 Subclinical Coronary Artery Disease in Patients, 14
Renal insufficiency, acute	Acute Kidney Injury after On-pump Coronary Artery, 230
Resonance imaging	Late Enhancement and Myocardial Perfusion in Hypertrophic, 396
Restenosis	Late Restenosis Related to Cypher Stent Fracture, e60
Rhabdomyoma	Late Involution of Obstructive Rhabdomyoma of the Mitral Valve, e13 Late Spontaneous Regression of Obstructive Tumor, e48
Rheumatic heart disease	Maternal-Fetal Monitoring during Dental Procedure, 430
Rio de Janeiro	Blood Pressure in Young Individuals as a Cardiovascular, 608
Risk assessment	Myocardial Revascularization Surgery (MRS), 513
Risk factors	Prevalence of Metabolic Syndrome in an Elderly Community, 80 Children with Adult Hearts, 197 Obesity and Its Association with Other Cardiovascular Risk Factors, 236 Body Mass Index Has a Good Correlation, 243 Body Mass Index has a Good Correlation, 303 Dante Pazzanese Risk Score for Non-ST-Segment, 319 Prevalence of High Blood Pressure Levels and Associated, 360 Proposal of Cut Points for the Indication of Abdominal Obesity, 558 Blood Pressure in Young Individuals as a Cardiovascular, 608 Gender, Age, Social Level and Cardiovascular Risk Factors, e42
Running	Cardiorespiratory and Perceptual Responses to Walking, 389 Different Levels of Hsp72 in Female Rat Myocardium, 423
Rural population	Clinical and Demographic Profile and Quality, 637

S

Safety	Transesophageal Echocardiography: How Safe Is It, 419 Safety of Transesophageal Echocardiography in Adults, 443
São Paulo	Cardiovascular Mortality by gender and age range, 461 Epidemiologic Transition in Mortality Rate from Circulatory, 468
Schistosomiasis	Etiological Frequency of Pulmonary Hypertension, 629
Sensitivity and specificity	Body Mass Index as a Marker of Dyslipidemia, 20
Sex	Cardiovascular Mortality by gender and age range, 461
Shock, cardiogenic	Old Woman with Restrictive Cardiomyopathy, 527
Sirolimus	Rationale and Design for the PAINT Randomized Trial, 547
Sirolimus-eluting stents	Late Restenosis Related to Cypher Stent Fracture, e60
Sleep	ABPM in COPD Patients with Sleep Desaturation, 255
Social class	Gender, Age, Social Level and Cardiovascular Risk Factors, e42
Sphygmomanometers	Assessment of Sphygmomanometers: a Proposal, e27

Sports	Competitive Sports for Children and Adolescents, 175
Stem cells	Myocardial Homing after Intrapericardial Infusion, e38
Stent fracture	Late Restenosis Related to Cypher Stent Fracture, e60
Stress; myocardium	Different Levels of Hsp72 in Female Rat Myocardium, 423
Stroke volume	Heart Failure with Normal Ejection Fraction, 168 Importance of the Area of Fibrosis at Midterm Evolution, 564
Students	Body Mass Index as a Marker of Dyslipidemia, 20
Subclavian artery/abnormalities	Atypical presentation of Kommerell's diverticulum, e88
Survival	Percutaneous Coronary Intervention for Stable Patients, 183
Systole	Heart Failure with Normal Ejection Fraction, 168

T

Tachycardia, sinus	Predictors of Hospital Mortality in Hemodynamically Stable Patients, 128
Takotsubo syndrome	Dobutamine Stress Echocardiography-Induced, e4
Thea sinensis	Prospective Double-Blind Crossover Study of Camellia Sinensis, 121
Thoracic aorta/surgery	80-year-old Woman, with Arterial Hypertension, 652
Thoracic injuries	Myocardial Infarction Caused by Coronary Artery Injury, e1
Thoracic surgery	Maternal-Fetal Outcome and Prognosis, 8 Postoperative Atrial Fibrillation after Cardiac Surgery, 55
Thrombosis	Mechanical Prosthetic Valve Thrombosis, e45
Time series study	Mortality Rates Due to Diseases of the Circulatory System, 589
Tomography	Coronary Artery Bypass Using only Computed, e33
Torsades de Pointes	Postpartum Torsades de Pointes and Long QT Syndrome, e46
Transesophageal echocardiography	Effective Dose of Sedation in Transesophageal, 576
Trimetazidine/administration and dosage	The Effects of Trimetazidine on Heart Rate Variability, 145

U

Ultrasonography	Utility of Intracardiac Ultrasound Imaging to Guide, 616
Ultrasonography interventional	Subclinical Coronary Artery Disease in Patients, 14
Ultrasonography prenatal	Prenatal Diagnosis of Left Ventricular Aneurysm, e24
Unstable angina	Dante Pazzanese Risk Score for Non-ST-Segment, 319
Urban population	Epidemiologic Transition in Mortality Rate from Circulatory, 468
Uric acid	Circuit Weight Training vs Jogging in Metabolic, 480
Urinary infection	Postpartum Torsades de Pointes and Long QT Syndrome, e46
Validation	Validation of the Portuguese Version of the Minnesota Living, 36
Ventricular dilatation	Role of Lipoperoxidation in the Remodeling Intensification, 31
Ventricular dysfunction	Conventional Ventricular Stimulation Effects on Patients, 157 A 55-year-old male patient with Chagas cardiomyopathy, 293
Ventricular dysfunction, left	Role of Lipoperoxidation in the Remodeling Intensification, 31 Frequency of Left Ventricular Diastolic Dysfunction, 304 Importance of the Area of Fibrosis at Midterm Evolution, 564 Echocardiographic Features of Non-Compaction, e21
Ventricular fibrillation	Ventricular Fibrillation During Sport Activity, e14
Ventricular function	Role of Lipoperoxidation in the Remodeling Intensification, 31

Table of Contents - Volume 93 - 2009

Ventricular remodeling	Role of Lipoperoxidation in the Remodeling Intensification, 31 Nutritional and Cardiovascular Profiles of Normotensive, 487
Ventricular septal defect	13 Years Old Youngsters with Major Atrial, 416
Video-assisted surgery	Videothoracoscopy for Isolated Atrial Fibrillation Ablation, 310

W

Walking	Cardiorespiratory and Perceptual Responses to Walking, 389
Women	Association of Fitness and Waist Circumference, 2
Wounds, non penetrating	Myocardial Infarction Caused by Coronary Artery Injury, e1
